

Silver Recovery Services & Film Recycling

The companies listed below recycle silver from recovery units, scrap film, and photo papers. Where available, a web site address has been provided for faster information search. They are listed in no specific order. We do not recommend any one particular, but suggest you contact several or all to get the best arrangement for your facility. We also suggest you contact the manufacturer(s) of your developing units and processing chemicals since they may be able to provide this service also.
